ASSESTMENT AND CONCLUSION

Course: M. Tech. Power Engineering

Batch: 2012-2014

- I) SEM I AND II
With a total strength of 25 & 24 students in semester 1st and 2nd, 16 and 22 students has been passed in respective semester, the pass percentage seems to increase by 28% showing increase in dedication level of students.
- II) SEM III
With a total strength of 21, 100% per cent result in the third semester.
- III) SEM IV
With a total strength of 21, a total 19 students submitted their thesis, helped them to get placed and bragged the confidence level of students.

I) SEM I AND II

With a total strength of 25 students in 1st and 2nd semester, 22 and 18 students has been passed in respective semester ,showing a declined by a margin of 16% and as far as the reappears are concerned; they were more in the subjects which are not related to the core branch.

II) SEM III

With a total strength of 24 students in 3rd semester, 23 has been passed ,thus the pass percent increased by a good margin of 24%, thereby increasing the interest level of students in (electrical) branch related subjects.

III) SEM IV

With a total strength of 24, a total 16 students submitted their thesis, helped them to get placed and bragged the confidence level of students.
